### SEQ Leading Lawn Service Business for Sale #5688SR

This exciting family-owned company has successfully established itself as one of the leading large turf/lawn care contractors in South East Queensland.

Offering a wide range of services ranging from lawn maintenance, mowing, herbicide application, topdressing, and lawn dethatching services across the residential & commercial sector, including schools, sporting field management, and acreage properties.

The family business, which was established some 7 years ago, boasts an extensive and growing client base with contracts and agreements in place across the Brisbane area, stretching out to the Darling Downs and beyond. With a multitude of residential and acreage properties on regular 4-to-8-week cycle maintenance.

Currently, this operation is a home-based business, due to the owners living on acreage, though can be easily relocated. There is a mix of full-time and part-time employees with skilful experience as well as an extensive range of commercial-grade plant & equipment investment and state-of-the-art technology.

Sales projections are consistently increasing every year with this year's predictions to exceed last year's sales total as well as forecasted strong net profit of 45% of sales to a working owner.

This is a highly profitable company that has established itself to deliver unique, excellent, and budget-friendly lawn care services across all sectors. The seller is also happy to stay on for a period to introduce and ensure a successful transition. The opportunity for the new owner to continue its strong growth, or add on to an existing business, will be greatly rewarded.

Price: \$1,390,000.00 WIWO
