ACCOUNTING PRACTICE FOR SALE

Accounting Practice Fees of Circa \$400,000

Here's your chance to own a successful accounting practice with a diverse client base covering various industries. It's located in the hills, east of Perth's CBD. This practice mostly caters to clients in the surrounding areas. The services provided by this practice primarily encompass compliance work, which includes the preparation of tax returns and financial statements for individuals, partnerships, trusts, companies, and superannuation funds.

This opportunity is perfect for an experienced accountant looking to start a practice on a solid foundation and has the desire and energy to grow the business further from the existing client base and relationships already established. It may also suit an existing accounting firm looking to grow via acquisition. The Seller feels there is growth potential by adding services such as small business advisory, tax planning and consulting - plus actively seeking referrals from current clients.

The Seller has asked that potential Purchasers be qualified for finance prior to progressing further. We have an Information Memorandum available which interested parties can have access to after signing a confidentiality form on our website. To complete the CA please copy and paste the link below or submit enquiry form.
