A unique opportunity has arisen to purchase two HydroKleen territories for a very competitive price.

Due to the current franchisee's health struggles, a unique opportunity has arisen to purchase two HydroKleen territories for a very competitive price.

HydroKleen has been the Market Leader in 'Wet Wash' air conditioner cleaning & sanitization for 15 years & the ONLY A/C cleaning company that has been able to achieve full approval from the NAC (National Asthma Council Aust) Sensitive Choice Program.

HydroKleen has invested big money into creating marketing systems, which are successful and work like clockwork plus a great part of the HydroKleen system is the ongoing training and development of Franchise Partners.

The Southern Prime Marketing Area is offered with refurbished equipment, a sign-wrapped VW Caddy van and an active database of clients.

The Northern Prime Marketing Area is being sold with a database of clients and a brand-new equipment package including a fully fitted sign-wrapped trailer.

The owner will assist with the takeover and because of the rapid population growth in both territories, he believes exponential growth is a distinct possibility.

Asking \$98,500 for both territories.
