Simplicity Itself to Operate - 50%+ Return on Revenue

5 days pw - Requires only 2 people supported with input from the owner of one to five hours a week.

The business operates from a home office, with little storage space required for stock of approx. \$20,000.

This Franchise is based on a unique Australian innovation, proudly Australian developed and manufactured.

Main benefits of this business:

- * The operation requires minimum hours from the owner, easy to run.
- * Low cost of sales, expenses and overheads
- * This product has provided unrivalled, quality pre-construction termite protection barriers for new homes and buildings since 1994
- * It is the only supplier of this innovative barrier between termites and buildings
- * Positive effect on the environment.
- * It is 100% poison-free and requires little maintenance
- * This system is the preferred choice of Government Departments
- * The client database has about 18,000 clients

Full training is provided by the Franchise and owner of this operation.
