Unique Opportunity

Are you looking for a business that offers high profits with minimal effort? Look no further than this Pest Protection Franchise based in Queensland. With net profits over 50%, this business is ideal for an owner-operator seeking a simple yet lucrative venture.

Operating from a home office with minimal stock storage requirements, this Franchise is built on a unique Australian innovation that has been providing top-quality termite protection barriers for new homes and buildings since 1994. As the only supplier of this innovative barrier, the business has a positive impact on the environment with its poison-free and low-maintenance system.

Key benefits of this business include low operating costs, minimal owner involvement, and a large client database of about 18,000 customers. With full training provided by the vendor and franchisor, you can 'LEARN AND EARN' on the job to attain required licences.

Don't miss out on this opportunity for future growth and success. Contact us now to learn more and secure this profitable business for sale in Queensland!
