Shed Design & Manufacturing - YE2024 Sales \$4,212,000 / Huge Profits!!

Are you a qualified builder looking for a sea change, a new lifestyle, to be your own boss?

Then you will be ready to step into this successful business with over 35 years of industry expertise. This is a leading building and construction business located in the Cairns region operating from purpose-built workshops and office which includes a 2 bedroom unit providing a new owner accommodation while settling in the area.

Trading 5 days provides a great work / home lifestyle in a beautiful area of Queensland near Cairns city and the International Airport.

With a team of qualified, experienced professionals ready to support a new owner, this business offers a range of high-quality products including agricultural sheds, aircraft hangars, garages, and more. Their unique welded portal frame sheds are cyclone proof renowned for their strength and durability, making them a top choice in the market. A QBCC licence would be an asset for a new owner, although not if a qualified builder can be retained to manage the business day to day.

An owner operator would be ideal.

In addition to their exceptional products, the business provides personalised design services and construction assistance, ensuring a seamless experience for clients. The current owners are willing to provide full training and introduce the new owner to key suppliers and clients, setting them up for success from day one.

This opportunity comes with existing demand in the region, offering ample room for growth and expansion. Don't miss out on the chance to take this business to new heights and secure an even more profitable future.

Take the next step towards owning a thriving building and construction business contact us today for more information!

Asking Price \$1,550,000 (all inclusive)
