This business began over 30 years ago from humble beginnings and has since grown into a highly successful operation, generating approximately \$5 million in annual sales. The business proudly offers over 1,000 lines of porcelain tiles and accessories, catering to a wide range of retail and commercial clients.

The current owners are seeking to exit the business for retirement, presenting a unique opportunity for prospective buyers. Both the business and freehold property are available for purchase, making this an ideal investment for those looking to acquire a thriving business with a solid foundation. The sale price of \$1.25 million (including stock) offers exceptional value, with the inventory alone worth more than the asking price.
