

Irrigation & Water Management Business for Sale Whitsundays QLD

For Sale

Location: **QLD**
Asking: **\$1,000,000 + SAV**
Type: **Services-Other**

Essential Service - Irrigation and Water Management / 2024 Sales \$3,656,000 Good profits!

Step into the lucrative world of water management and irrigation solutions with this profitable business in Whitsundays, Queensland. Boasting a revenue increase of \$366,000 in 2024, this independently owned business is now available for sale, offering a solid income and an ideal work/play lifestyle in the sun to a new owner.

Specialising in Pumps, Irrigation, Plumbing, and Filtration, this business caters to domestic, commercial, and agricultural sectors, providing a wide range of products and services. With the option to break away from the franchise and create your own brand, you'll enjoy flexibility and autonomy without any fees, while still benefiting from transferrable suppliers.

Located on a main street in a stand-alone building, rebranding is easy. Skilled employees handle all operational aspects, so no prior industry knowledge is required. Key services include irrigation systems, pump systems, rainwater harvesting, firefighting equipment, filtration, solar-powered pump solutions, and more, all backed by a QBCC License.

Full training will be provided for a smooth transition, and the current owner is willing to remain in the farming sector of the operation. With a secondary income stream from retailing parts and equipment, this business offers growth potential with valuable resources at your disposal.

Don't miss this opportunity to own a thriving business in a booming industry. Take the next step towards business ownership and inquire today!
