Highly Profitable!

LINK Business Brokers are proud to present to the market this profitable and long established commercial garden maintenance business which has been successfully operating since the late 1980's.

Despite not advertising there is little change in the clientbase year on year, with the business trusted by their clients to 'manage their landscape' with minimal direction and clients ranging from large scale commercial jobs such as shopping centres and corporate headquarters to smaller commercial spaces like service stations.

With plenty of opportunity for expansion and already enjoying a loyal customer base this is a unique opportunity for a new owner to build on the legacy and foundations, whilst earning over \$250,000 per annum to a working owner!

The current owners are keen to retire and a full handover and training period will be provided, along with a substantial plant & equipment list which includes vehicles.

Priced at only \$395,000 Walk In Walk Out and offering an attractive return on investment this remarkable opportunity won't last long!
