

Fire Safety & Prevention Business for Sale Cairns

For Sale

Location: **Cairns**
Asking: **\$850,000 WIWO**
Type: **Services-Other**

Profits to owner \$480,000.

With revenue of \$1.21M in 2024 this business is a solid investment with a state-of-the-art setup. Specialising in supplying, installing, repairing, and maintenance, this business ensures that client systems are always up to standard, compliant with regulations, and insurance policies remain valid.

Main Points:

- * An essential service provider for the local community and wider region
- * This is a well-established fire prevention systems business located in Northern Queensland.
- * Steady stream of income from servicing and maintenance
- * Client contracts ranging from 12 / 24 months / 5 years
- * Opportunities to expand services provided in several new directions such as new installations
- * This opportunity would be an excellent bolt on for an existing operation seeking to extend and grow their footprint in Northern Qld
- * Demand is high and consistent compliance in fire prevention systems mandatory
- * Experienced and qualified staff
- * Committed to providing the best service, products, and advice for all fire systems and equipment
- * Solid and extensive customer base

Industry skills and qualifications are recommended to take this business forward.

Parallel services such as electricians, plumbers and builders will have qualifications compatible to upskill for required licences while learning on the job.

Full training will be provided by the vendor post-settlement, and consultancy as required and agreed going forward.

Don't miss out on the chance to take over this profitable business and become a part of a service that serves and protects the community. Enquire now to learn more about this exciting opportunity!
