Outback Crane Hire

Seeking EOI over \$3 Million

Approaching 20 years of trade with an extensive fleet of cranes, trucks and other equipment, the business is highly profitable and is the principal provider of its services for the whole of Central Australia.

Its sale represents a rare opportunity to share in the coming Northern Territory economic boom. With numerous major projects underway ranging from Mining to Defence to Green Energy and civil construction, there's literally tonnes of work for a crane business.

The dominant provider in its region

Able to provide lifting solutions for nearly any job. The principal service provider for lifting and rigging services throughout the whole of Central Australia and an ability to lift anything, anywhere. Clients include mining companies, construction businesses, government agencies, pastoral companies as well as individual homeowners and local small business providers.

Whatever needs to be lifted, it has it covered.

Features of the business include:

- * The fleet includes 7 cranes, ranging from 3 ton to 100 Ton as well as a Mack Superliner Prime Mover, trailers, forklifts, Miscellaneous vehicles and a broad range of rigging gear and spare parts
- Approximately \$3 million worth of equipment.
- * Experienced staff
- * Highly profitable, and
- * Enormous growth prospects.

With a client base including mining companies, oil and gas businesses, Department of Defence, Pastoral, agricultural companies and civil construction companies, this business is well-placed to benefit from the numerous multi-billion dollar projects underway in Regional Northern Australia. So its growth prospects are boundless.
