This business has continued to experience solid growth based on its reputation and strong focus on providing quality transportation services.

For over 30 years, the owners have focused on meeting customer needs and providing excellent service. (24 hours at times !!)

Sherritt and Sons transport, has continued to experience solid growth based on its reputation and strong focus on providing quality transportation services.

With your acquisition comes a very loyal, and very big customer list. They stay because of a great, reliable service supplied to them.

The company has evolved and continually acquired more advanced, and bigger capacity transport equipment.

Current " approx value " of the State of the Art equipment is \$2.5 million.

Some equipment consists of 10 vehicles, and 10 trailers, forklift and a diesel scissor, available to provide transportation and freight services to clients.

Their various freight services gives their clients many options, that can be discussed on an inspection.

On a successful sale, all relevant vehicles / trailers will have a valid Road Worthy certificate.

GPS tracking for trucks, fleets and other vehicles can be done to an I-PAD, and offers a valuable insight into the every-day performance of the trucking fleet.

Looking after the safety of staff and general transport methods has also been a focus.

This company are participants in the National Heavy Vehicle Accreditation Scheme for Basic Fatigue Management.

The current Vendors place a high value in observing occupational health and safety (OH & S) policies in line with government regulations.

The business operates from a yard with a secure lease, and VERY, VERY cheap rent !!

All areas negotiable between the Vendors and the new buyers.

A Confidentiality Agreement must be executed by any interested party.

An inspection and meeting with the Vendors is the next step, and all the above information must be substantiated before an offer is submitted.

This is a serious business, so no tyre kickers please - or nosey competition.
