Capture Melbourne's sophisticated coffee market with next-generation cold brew technology.

Here's why this opportunity is worth it:

A PERFECT FIT FOR MELBOURNE'S COFFEE CULTURE

- * Exclusive distribution rights to revolutionary cold brew coffee concentrate
- * Australian-made product manufactured in Queensland using patent-pending technology
- * 3-5 year territory protection in Australia's coffee capital
- * Minimal infrastructure required - just cool storage and delivery capacity

PRODUCT ADVANTAGE

- * Superior concentration (6.5-7.5 TDS vs industry standard 2-4 TDS)
- * Extended shelf life (90 days ambient, 180 days refrigerated)
- * No additives or preservatives - pure coffee flavour profiles
- * Gravity-fed extraction process creates lower acidity and higher yields
- * Available in both regular and decaffeinated blends

COMPELLING FINANCIALS

- * Weekly profit potential: \$1,000-\$1,900 at just 50 bags/week
- * Commercial dispensing systems available for volume customers

DIVERSE REVENUE OPPORTUNITIES

- * Melbourne's world-class cafe scene
- * Thriving bar and cocktail culture (espresso martinis)
- * Premium retail channels and specialty food stores
- * Fitness centres and health-focused businesses
- * Direct-to-consumer through markets and online channels
