* Strong supplier relationships with leading brands

* Online sales platform with expansion potential

Full training will be provided by the current owner who will assist after settlement to ensure a smooth handover.

No particular skills are required, the job can be learned on the tools. A hydraulic/mechanical background /

Trade or Hose Certificate would be beneficial but not essential.

With no shortage of expertise and ongoing investment in the specialist equipment on hand, this business

delivers quality repairs on all hydraulic cylinders.

Asking Price: \$1,900,000 (including stock)
