Location: **Brisbane**
Asking: **\$250,000 + SAV**
Type: **Transport/Automotive**

High Exposure Site in North Brisbane

This independently owned and operated automotive workshop is part of a nationally recognised brand, offering mechanical repairs, servicing, and tyre sales in a high-traffic location north of Brisbane. With over 10 years of trusted operation and consistent year-on-year growth, this business presents a fantastic opportunity for a mechanic ready to step into ownership or an investor seeking a stable, well-run business with room to grow.

Key Features:

- * Strong brand alignment without franchise restrictions
- * Mechanical work makes up approx. 90% of revenue
- * Fully fitted workshop with 5 hoists and modern diagnostic equipment
- * High-performing wheel alignment services (John Bean system)
- * Roadworthy Certificate (RWC) accredited (Approved Inspection Station)
- * \$950K+ turnover with approx. \$220K PEBITDA
- * Clean financials and well-documented systems
- * Located on a major arterial road with strong local reputation and repeat clientele
- * Owner willing to provide handover or stay on part-time (negotiable)

This business runs lean and efficiently, offering significant upside for an energetic owner-operator or a hands-off investor looking to keep management in place. Additional growth opportunities exist through trade/fleet work and local marketing both currently underutilised.

Don't miss this rare chance to acquire a profitable, fully operational mechanical workshop with brand backing and a loyal customer base in one of Queensland's most dynamic growth corridors.

Asking \$250,000 + SAV
